

# MAR 20080019: SULLIVAN LAKE

Received date: Jul 11, 2008

Public release date: Apr 30, 2009

## **DISCLAIMER**

By accessing and using the Alberta Energy website to download or otherwise obtain a scanned mineral assessment report, you ("User") agree to be bound by the following terms and conditions:

- a) Each scanned mineral assessment report that is downloaded or otherwise obtained from Alberta Energy is provided "AS IS", with no warranties or representations of any kind whatsoever from Her Majesty the Queen in Right of Alberta, as represented by the Minister of Energy ("Minister"), expressed or implied, including, but not limited to, no warranties or other representations from the Minister, regarding the content, accuracy, reliability, use or results from the use of or the integrity, completeness, quality or legibility of each such scanned mineral assessment report;
- b) To the fullest extent permitted by applicable laws, the Minister hereby expressly disclaims, and is released from, liability and responsibility for all warranties and conditions, expressed or implied, in relation to each scanned mineral assessment report shown or displayed on the Alberta Energy website including but not limited to warranties as to the satisfactory quality of or the fitness of the scanned mineral assessment report for a particular purpose and warranties as to the non-infringement or other non-violation of the proprietary rights held by any third party in respect of the scanned mineral assessment report;
- c) To the fullest extent permitted by applicable law, the Minister, and the Minister's employees and agents, exclude and disclaim liability to the User for losses and damages of whatsoever nature and howsoever arising including, without limitation, any direct, indirect, special, consequential, punitive or incidental damages, loss of use, loss of data, loss caused by a virus, loss of income or profit, claims of third parties, even if Alberta Energy have been advised of the possibility of such damages or losses, arising out of or in connection with the use of the Alberta Energy website, including the accessing or downloading of the scanned mineral assessment report and the use for any purpose of the scanned mineral assessment report so downloaded or retrieved.
- d) User agrees to indemnify and hold harmless the Minister, and the Minister's employees and agents against and from any and all third party claims, losses, liabilities, demands, actions or proceedings related to the downloading, distribution, transmissions, storage, redistribution, reproduction or exploitation of each scanned mineral assessment report obtained by the User from Alberta Energy.

## Map of Current Permits and Boundaries

*Provide legible map showing current permits boundaries and permit numbers*

## **PART B - TECHNICAL INFORMATION**

### **SUMMARY**

**I have conducted drilling, trenching and surface investigations of the permitted area. To date, there is no evidence of Diamoniferous materials as a result of any of my investigations.**

### **INTRODUCTION**

**The purpose of this report is to document the diamond exploration efforts in the Sullivan Lake Project located entirely within Township 35, Range 15, West of the 4<sup>th</sup> Meridian.**

**Exploration consisted of drilling, trenching, stripping, sieving soil materials, and rock grabs.**

# BREAKDOWN STATEMENT OF PROJECT WORK

	Amount Spent
1. Prospecting	64,091.00
2. Geological Mapping & Petrography	
3. Geophysical Surveys	
4. Geochemical Surveys	
5. Trenching and Stripping	6,594.50
6. Drilling	19,984.00
7. Assaying & Whole Rock Analysis	
8. Other Work: Consultation with Metis	9,206.95
	SUBTOTAL 99,876.45
9. Administration (10% of subtotal)	9,987.65
	TOTAL 109,864.10

## Body of Report

### Regional geology

Not available

### Exploration

Exploration consisted of drilling, trenching and surface evaluation .

### Conclusion

No evidence of diamondiferous materials have been detected to date. More evaluation needs to be done to determine the potential of the permitted area.

### Qualifications

Not available

### References

None

### List of tables

None

## **PART C - SUPPORTING OR SUPPLEMENTARY APPENDICES**

### **Sample Locations and Data, Drill Hole logs, Geophysical Data, etc**

No samples were collected due to a lack of promising material.

### **List of Appendices**

None

### **List of Figures**

None

### **List of Drawings or Large Map Sheets**

None
