RE: Sulphur Permits 50 - 57

Dear Sir:

The captioned permits were issued on December 14, 1967, and the program as specified in our letters of application commenced early in 1968. The initial program was conducted on Permits 52 - 54 and 57, and the results were summarized in a report, which is attached to this letter. We realized that the initial program was less than adequate and advised your Department in a letter dated June 27 of an increased program we proposed to conduct commencing approximately August 1, 1968. The area was found to be impossible to work during the summer months even with track equipment and we therefore found it necessary to delay the commencement of the program until early October. This program is now approximately 50% complete and it is our intention to pursue the program to completion, a second report also by Mr. R. A. Buckley is enclosed with this letter and summarizes this program to date.

You will note from the enclosed reports that a program has been undertaken or is to be undertaken on Permits 50, 51, 52, 53, 54 and 57. No work has been done nor is any contemplated on Permits 55 and 56, which permits we surrender herewith. We respectfully request your favourable consideration to granting a six month renewal on Permits 50 - 54 and 57 and contend that we have conducted a meaningful exploration program in good faith and have to date expended in excess of \$38,000.00 out of an \$82,000.00 exploration program. We do not feel that it would be prudent at this time to commit to an additional work obligation and request that you waive this requirement so that we may complete the program now under way and evaluate the results prior to the expiration of the requested renewal.

December 12, 1968

In support of the application for renewal made herein, we enclose the following:

1. Report by Mr. R. A. Buckley, dated June 4, 1968
2. Report by Mr. R. A. Buckley, dated December 11, 1968
3. Our Special Account Cheque No. 1216 in the amount of \$43,831.60, being renewal fees for the requested six month renewal.

We look forward to being advised of your favourable consideration of our request and assure you that we will endeavor to supply any further information you may require in support of this application.

Yours very truly,
